

UAV & DRONES

SPG Canada

Unmanned Aerial Vehicles (UAV),
Unmanned Aerial Systems (UAS),
and Remotely Piloted Aircraft
Systems (RPAS)

WHY CHOOSE US FOR YOUR CLIENTS?

Features

- UAV Operational Liability (Bodily Injury and/or Property Damage) Up to Policy limits
- Hull (Physical Damage to or loss of UAV/UAS/ RPAS)
- Payload Equipment
- Ground Equipment/ Spares
- Additional coverages (i.e. Noise Liability, Invasion of Privacy)
- Coverage is provided within Transport Canada regulations/guidelines.
- UAV Operational Liability insurance does not replace a CGL policy that would cover the day-to-day operations of a commercial entity.
- Hull coverage applies to UAV/UAS equipment - whether in transit, storage, or in flight
- All policies are written on annual basis; and premiums are fully earned at the time of purchase.
- Coverage territory includes Canada, with the ability to extend liability to international operations (if approved).

Target Classes

- Commercial Operators
- Construction/Engineering
- Wildlife
- Mapping & Surveying
- Pipeline / Powerline Patrol
- Aerial Photography
- Real Estate
- Agricultural
- Filming
- Surveillance
- Aerial Inspection
- Search & Rescue
